

FIJI CULTURAL TOUR & COMMUNITY PROJECT SCHOOL GROUP

7 DAYS

“Bula” ...The Fiji Islands is a group of unspoiled, magical and exotic islands in the South Pacific that lie on the 180 Meridian where the dawning of each new day occurs. The 333 islands are the epitome of the picture postcard perfection with a kaleidoscope of stunning settings and venues.

Offering life-changing experiences for schools and student groups from all over the world who are seeking to learn about new cultures and wanting to make a unique contribution as part of their learning to be a global citizen. International students learn to create and deliver interactive community learning programs where the students come into contact with a new environment, culture and people.
